

Garden Valley Ranch Estates Community Service District

Road Maintenance Report

February 16, 2024

Roadside Tree Trimming- There are multiple areas around the Ranch Estates that need some roadside tree trimming. Small branches reaching out along the roadway. I would like a work crew to be formed to complete this task.

Pothole/ patch repair- I would like to have a motion made to have Crowton Excavating do some road pothole and ditch cleanout repair work. Please see attached estimate.

Main Entry Pond Culvert- Thank you again for every one's effort and hard work who helped clean up the main culvert area and tree trimming. Everything is flowing so smoothly this winter season.

SDRMA- (Special District Risk Management Authority) I notified them of the Officer changes due to Marianne Agudo's resignation.
